

## My patients deserve The best dental care

That's why I offer ViziLite Plus oral screenings.

Oral cancer rates are on the rise.

When oral cancer is found in its earliest stage it's 82% curable with proper treatment. ViziLite exams help to find cancer early with a painless mouthrinse and exam with a special light.

Call today to schedule your oral cancer screening. This is one exam that could save your life.

**ViziLite<sup>®</sup> Plus**  
ORAL LESION IDENTIFICATION AND MARKING SYSTEM

To optimize identification of abnormalities, ViziLite Plus must be used in conjunction with a careful visual examination using direct incandescent light.
